

**Industry:** Industrial  
**Application:** Railroad Telemetry  
**Summary:** This compact DC input, 5 output supply uses a high density converter and four post regulators to economically provide up to five different outputs.

**Specifications**

**Input:** 28 Vdc  
**Output:** Up to 5 DC outputs  
**Total Power:** 100 Watts  
**Dimensions:** 1.09"H x 2.66"W x 7.98"L  
**Weight:** 1 lb.  
**Type of Cooling:** Conduction
